STANDARD VS TANTRIC MASSAGE

THE DIFFERENCE

STANDARD MASSAGE

A therapeutic full-body massage that relieves tension, supports circulation and helps you relax. Pressure and focus areas are tailored to your comfort.

TANTRIC MASSAGE

A slower, mindful full-body relaxation experience using calming rhythm and intentional touch. It is professional and non-sexual.

WHAT TO EXPECT

DURING A TANTRIC MASSAGE

- A calm, respectful professional setting.
- A consultation, clear consent and appropriate draping.
- Freedom to request changes, pause or stop at any time.

YOU SHOULD NOT EXPECT

- No sexual services, sexual contact or stimulation.
- No erotic activity or inappropriate requests.
- Professional boundaries at all times.
